OCTOBER 1986

TEXASGULF CANCELS TRIPS

We have been notified by TG that all fossil-hunting trips for the rest of this year have been cancelled while they flood the pit and begin a new one. Fifty lucky NCFC members did get in on September 6, right before they closed.

This is our revised fall schedule:

Saturday, October 18	Arapahoe
Saturday, October 25	Board Meeting
Sunday, December 7	Fossil Fair/Annual Meeting

Anne Poole is trip leader for trip to Arapahoe, where 12-14 NCFC members can look for fossils in the Neuse River. For information and reservations call Anne, October 13-16, at work (10:00-2:00), (919)541-1600, or home (919)596-7111.

The Board Meeting on October 25 is open to all NCFC members. The main item of business will be selection of the first NCFC Scholarship recipient. The meeting is at 10:30 a.m. at the State Museum of Natural History in Raleigh. Refreshments will be served.

The FOSSIL FAIR at the Mariner's Museum in Beaufort, NC, will be your only chance this year to collect a big Carcharodon megalodon tooth. We will have a drawing to win one (tooth has been graciously donated by RANDY NUNNERY). There will be a lot of other fossils there from TG and other localities. Dr. Clayton Ray will head a team of paleontologists to look at and identify your own finds.

If you want to display your collection, call Judy Schneider (919)⁷⁷⁹⁻⁹³³⁹~~851-6726~~, to reserve tables. Fossil Fair hours: 10:30 a.m. until 5:30 p.m., December 7.
